Hard-wearing lawn grass

Sport is hard-wearing and contains QuickAction® that provides quick establishment. It has dense and compact growth and has strong recovery after damage. For hot & dry composition, drought tolerant grass is included.

Improved playability under stress conditions with QuickAction®

The Turflin Sport mixture has been upgraded with use of the unique QuickAction® perennial ryegrass. This very strong perennial ryegrass type is only available from DLF-TRIFOLIUM. QuickAction® has a much improved tolerance to diseases and also towards drought.

TURFLINE®

Turflin Sport Hot Hot & Dry

Složení směsi	
Kostřava rákosovitá	65 %
Lipnice luční	20 %
Jílek vytrvalý - Quick Action®	15 %
